A Town Hall on Climate Change

The Northwest Climate Conference is the region's premier opportunity for cross-sector knowledge exchange around climate impacts & adaptation strategies. **We welcome you** to join our regional experts & conference attendees for an evening reception & lively panel discussion!

Our panelists from the private sector, government, academic & non-profit organizations will share their perspectives on confronting the climate challenge. Join us to discuss:

- *What needs to be done to address climate change?*
- *How can we better prepare for the impacts that are coming our way?*
- *How can we achieve our goals for reducing greenhouse gas emissions?*
- *What steps are being taken locally, nationally & internationally to boost our climate preparedness?*

There will be an opportunity for discussion & audience participation.

OCTOBER 9th

6:30-8:30 pm

Reception with panel to follow
Tacoma Convention Center

**Free and open
to the public!**
